

# RE-PRIVATIZE

## SEEKING INFORMATION PRIVACY

This seminar/webinar will emphasize minimizing unnecessary visibility of your personal information through best practices and behavior modification. Participants will examine privacy laws, social networking providers' terms of service and means of risk reduction:

### Account and Device Settings

- Privacy settings
- App permissions
- Location Services

### The Browser

- Cookies
- Private Browsing
- Browser Compartmentalization

### Records of Activity

- Personal Messages
- Search Engines
- Email Compartmentalization

### Encryption

- Website Content
- Confidential Documents
- VPNs (Virtual Private Networks)

The session is 45-60 minutes in length. Participants will receive a session summary PDF.

Steve Chapelle has been providing information privacy and security education to Canadian professional, parent, student and retiree organizations since 2006. Prior to that he spent over 20 years in information technology management, analysis and customer service, primarily in the financial services sector. Experience has included security, availability and disaster recovery planning. He is also an instructor and developer at the [Udemy](#) online course platform, and the author of 'No Decision: The 1919 Stanley Cup Final' about the Spanish Flu pandemic, available at [Amazon](#).
